### 5.1.2 Collection rate – March 2025 YTD

The municipality currently has a year-to-date collection rate of 87.77%. Although the norm is 95% according to MFMA Circular No 71 financial ratios and norms, the municipality are currently unable to implement credit control and debt collection in Leeu Gamka and Klaarstroom because these are Eskom serviced areas. It is however evident that the collection rate is starting to grow per reporting period.
