MBD 9 - CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete

- 2.3) The required services will include the supply and maintenance of a mobile digital camera system to enforce speed at various sites.
- 2.4) The Municipality requires a contravention system for the administration of all camera generated offences. This will encompass the full life-cycle of a camera generated fine from the initial capturing of the offence, through all the legal

processes which includes summons serving and court processes, up to the stage where the fine is ultimately finalized.

- 2.5) The contractor will have to prove to the satisfaction of the Municipality that its systems and infrastructure have the capability to process at least the Municipality's current offence volumes within levels of response times, processing speeds, reliability and accuracy that is acceptable to the Municipality, with sufficient spare capacity in reserve to cope with increased volumes.
- 2.6) Should the Administrative Adjudication of Road Traffic Offences (AARTO) Act be implemented in the Municipality before or during the period of the tender, the contractor will be expected to process all offences and infringements issued under the AARTO Act in accordance with the AARTO legislation and the AARTO Standard Operating Procedures (SOP's). The contractor will have to process AARTO infringements directly on the National Contravention Register (NCR) as prescribed, whilst, at the same time, concluding all non-AARTO cases on the contractor's own system. A separate section of this tender deals specifically with deliverables should the AARTO Act come into effect in the Municipality.
- 2.7) For non-AARTO related obligations the Municipality will pay the contractor an all-inclusive monthly service fee as full compensation for all equipment, systems and services delivered in terms of the contract, including any associated costs borne by the contractor. The monthly service fee will be based on a set fee for every fine payment recorded on the contractors' system during the month regardless of how many charges are included in the fine.
- 2.8) For AARTO related obligations the Municipality will pay the contractor an all-inclusive fee based on the number of AARTO infringements successfully captured, or uploaded into the NCR. In addition, the contractor will be expected to conclude a service level agreement with the South African Post Office (SAPO) and to pay them for any printing and posting of AARTO related documents on behalf of the Municipality. However, the Municipality will fully reimburse the contractor for all the monthly SAPO expenses incurred on behalf of the Municipality, over and above the normal fees that are payable.
