GENERAL SPECIFICATIONS

1 REQUIREMENTS

1. A suitable person or organization with at least 5 years' experience in Occupational Health and Safety relating to construction projects.

Legal framework of the appointment

Under the current Construction Regulations, the responsibilities and liabilities to ensure health and safety on a project remain with the client and failure to comply with these regulations is a criminal offence.

As set out in regulation 5(6) of the Regulations, the client may appoint a competent person as an Agent in writing to act as the client's representative, in which case the responsibilities applicable to the client shall as far as is reasonably practicable, apply to the appointed Agent.

2. Registration with the South African Council for Project and Construction Management Professions (SACPCMP) is mandatory.

3. The person or organization must provide its own vehicle and accommodation
4. The person must comply with all registration and qualification requirements as per the Occupational Health and Safety Act, in particular the Construction Regulations 2014.

Proposed scope of work

The scope of work of the Agent will in general cover the requirements of regulation 5 of the Regulations. More specifically, it will entail the following:

- 4.1 Provide a project specific health and safety specification to the Principal Contractor. This was done by including a generic specification in the tender documents which allowed all tenderers to allow for the cost of complying with the Regulations in their tenders. The Agent will have to check the generic specifications to determine whether it is project specific and adequate; and update this specification before the work on site commences.
- 4.2 Ensure that the principal contractor to be appointed has the necessary competencies and resources to carry out the construction work safely.
- 4.3 Take reasonable steps to ensure all contractors appointed by the client to comply with these Regulations.
- 4.4 Ensure before any work commences on a site that the principal contractor is registered and in good standing with the compensation fund or with a licensed compensation insurer as contemplated in the Compensation for Occupational Injuries and Diseases Act, 1993 (Act No. 130 of 1993).
- 4.5 Discuss and negotiate with the Principal Contractor the contents of his draft health and safety plan for final approval for implementation to ensure that it covers all the aspects it is required to in terms of the Act. This will be done as soon as is

practicable after the Contractor has been appointed, but before any construction work is executed.

4.6 Finally approve the health and safety plan for implementation. This will also be done before the Contractor will be allowed to commence with the construction work.

4.7 Take reasonable steps to ensure that each contractor's health and safety plan contemplated in regulation 7(1)(a) is implemented and maintained.

4.8 Ensure that periodic health and safety audits and document verification are conducted at intervals mutually agreed upon between the principal contractor and any contractor, but at least every 30 days.

4.9 Ensure that a copy of the health and safety audit report contemplated in the paragraph above is provided to the principal contractor within seven days after the audit.

4.10 Stop any contractor from executing a construction activity which poses a threat to the health and safety of persons which is not in accordance with the client's health and safety specifications and the principal contractor's health and safety plan for the site.

4.11 Ensure that the health and safety file contemplated in regulation 7(1)(b) is kept and maintained by the principal contractor.

4.12 Manage the health and safety and monitor the execution of the construction work to ensure that this is being done in accordance with the Contractor's health and safety plan for this contract.

- Monitoring by the Agent will be carried out at an absolute minimum of 1 time per month, but the responsibility remains with the Agent to ensure that all Health and Safety requirements are adhered to, thus inspections may be required on a weekly or daily basis, at the appointed Agent's discretion.
- Monitoring will consist of a walk through inspection of the site together with the auditing of all registers and documents that the Principal Contractor and Sub-Contractors are required to maintain.
- A monthly non-compliance report must be submitted to the client in which all instances where the Principal Contractor has deviated from the requirements of his health and safety plan, together with the actions taken by the Agent, will be recorded.

4.13 On completion of the contract, all relevant documentation generated by the Principal Contractor as well as a final non-compliance report must be submitted to the client.

Details of the project

KLAARSTROOM WASTEWATER TREATMENT WORKS: PHASE 1

Prince Albert Municipality is considering the upgrading of the existing Klaarstroom Wastewater Treatment Works (WwTW). The existing pond system has operational problems that need to be addressed. This initial work is part of a number of required upgrades, which will be undertaken as and when funding becomes available. The town has approximately 144 low-income residential sites. The 25 existing erven in the "old" town are serviced by septic tanks and require minimal servicing at this stage. The expected design flow for the year 2013 is approximately 80m³/d for the WwTW.

This phase will see the construction of an inlet works and installation of two approximately 20m³ septic tanks (to be doubled in future) to assist with the anaerobic breakdown of the sewage entering the WwTW. Some inter-connecting pipework is required between the existing rising main, inlet-works, septic tanks and primary dam. A flow splitter manhole will be required upstream of the septic tanks. The work is to be executed using conventional and labour-intensive construction methods.

This construction contract comprises the supply of labour, material, plant, equipment, transport and management till the completion of the Works:

The scope and extent of the works is set out below but not limited to the following:

- Construct reinforced concrete inlet-works,
- Demolition of existing small reinforced concrete septic tank,
- Supply and installation of two fibre-glass septic tanks as specified,
- Construction of flow splitter manhole, and
- Construction of all required inter-connecting pipework and manholes.

You are hereby requested to provide a quotation assisting the technical department with complying with their responsibilities as client in terms of the Occupational Health and Safety Act. The construction of the project is anticipated to last for the period of two months.

Details of the project

LEEU GAMKA: TRANSNET PUMPING MAIN: STAGE 2

Prince Albert Municipality is considering the rehabilitation of the existing 100mm diameter water pumping main in Leeu Gamka. The existing 100mm diameter galvanised steel pipeline, approximately 1.65km long, links the existing Transnet borehole to the Leeu gamka water reservoirs. The approximately 72 residential erven surrounding the Transnet railway station at Leeu Gamka, are in the process of being transferred to the Municipality. The Municipality is intending to improve the service level for these residents. This is the second stage of the project. This stage will see the replacement of an approximately 260m long section of the existing pipeline with a new 110mm diameter high density poly-ethylene (HDPE) pipeline. The proposed section to be replaced lies between the N1 national road and the Transnet Railway bridges over the Leeu River. Some rehabilitation work is expected to be undertaken on the pipeline crossing the railway bridges to reduce leaks. The work is to be executed using conventional and labour-intensive construction methods.

This construction contract comprises the supply of labour, material, plant, equipment, transport and management till the completion of the Works:

The scope and extent of the works is set out below but not limited to the following:

- Supply, install and test approximately 260m of 110mm diameter HDPE water pumping main,
- Connections to existing steel water pumping main,
- Repair work to existing pipework on existing Transnet railway bridge, and
- Crossing of N1 national road by installing pipeline under floor slab of existing box culvert.

You are hereby requested to provide a quotation assisting the technical department with complying with their responsibilities as client in terms of the Occupational Health and Safety Act. The construction of the project is anticipated to last for the period of two months.

LEEU GAMKA: WATER RISING MAIN: STAGE 2

Prince Albert Municipality is considering the extending the 160mm diameter water ring main in Leeu Gamka. The approximately 72 residential erven surrounding the Transnet station at Leeu Gamka are in the process of being transferred to the Municipality. The Municipality is intending to improve the service level for these residents. This is the second stage of the project. This stage will see the extension of the existing 160mm diameter ring main into the area north of the railway line. The erven are currently serviced by a 50mm diameter asbestos cement network. The erven north of the railway line, will be reconnected across to the new water reticulation network. A new 90mm pipeline will be installed to distribute the water from the 160mm diameter ring main to the surrounding streets and erven. All required fire hydrants and gate valves will be supplied and installed under this contract. The existing 50mm diameter distribution network not upgraded to in the current project will be linked to the new ring main to boost delivery pressures in the distribution network. The work is to be executed using conventional and labour-intensive construction methods.

This construction contract comprises the supply of labour, material, plant, equipment, transport and management till the completion of the Works:

The scope and extent of the works is set out below but not limited to the following:

- Supply, install and test approximately 1.45 km of 90mm and 160mm diameter PVC-u water pipelines,
- Complete cross connections to existing 50mm diameter asbestos cement pipelines,
- Complete cross connections of existing water connections to new water distribution network,
- Directional drilling under N1 national road for water pipeline,
- Crossing of N1 national road by installing pipeline under floor slab of existing box culvert,
- Directional drilling under Provincial Regional Road for water pipeline, and
- Directional drilling under railway line for water pipeline.

You are hereby requested to provide a quotation assisting the technical department with complying with their responsibilities as client in terms of the Occupational Health and Safety Act. The construction of the project is anticipated to the period of two to three months.

Total points for Price and B-BBEE must not exceed	100

1.4 Failure on the part of a bidder to fill in and/or to sign this form and submit a B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS) or a Registered Auditor approved by the Independent Regulatory Board of Auditors (IRBA) or an Accounting Officer as contemplated in the Close Corporation Act (CCA) together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

1.5. The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

2. DEFINITIONS

2.1 “**all applicable taxes**” includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies;

2.2 “**B-BBEE**” means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;

2.3 “**B-BBEE status level of contributor**” means the B-BBEE status received by a measured entity based

on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;

- 2.4 **“bid”** means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services, works or goods, through price quotations, advertised competitive bidding processes or proposals;
- 2.5 **“Broad-Based Black Economic Empowerment Act”** means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- 2.6 **“comparative price”** means the price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration;
- 2.7 **“consortium or joint venture”** means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;
- 2.8 **“contract”** means the agreement that results from the acceptance of a bid by an organ of state;
- 2.9 **“EME”** means any enterprise with an annual total revenue of R5 million or less .
- 2.10 **“Firm price”** means the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract;
- 2.11 **“functionality”** means the measurement according to predetermined norms, as set out in the bid documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a bidder;
- 2.12 **“non-firm prices”** means all prices other than “firm” prices;
- 2.13 **“person”** includes a juristic person;
- 2.14 **“rand value”** means the total estimated value of a contract in South African currency, calculated at the time of bid invitations, and includes all applicable taxes and excise duties;

- 2.18 **“trustee”** means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

3. ADJUDICATION USING A POINT SYSTEM

- 3.1 The bidder obtaining the highest number of total points will be awarded the contract.
- 3.2 Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts;.
- 3.3 Points scored must be rounded off to the nearest 2 decimal places.

- 3.4 In the event that two or more bids have scored equal total points, the successful bid must be the one scoring the highest number of preference points for B-BBEE.
- 3.5 However, when functionality is part of the evaluation process and two or more bids have scored equal points including equal preference points for B-BBEE, the successful bid must be the one scoring the highest score for functionality.
- 3.6 Should two or more bids be equal in all respects, the award shall be decided by the drawing of lots.

4. POINTS AWARDED FOR PRICE

4.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right) \quad \text{or} \quad P_s = 90 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where

- P_s = Points scored for comparative price of bid under consideration
- P_t = Comparative price of bid under consideration
- P_{\min} = Comparative price of lowest acceptable bid

5. Points awarded for B-BBEE Status Level of Contribution

- 5.1 In terms of Regulation 5 (2) and 6 (2) of the Preferential Procurement Regulations, preference points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
1	10	20
2	9	18
3	8	16
4	5	12
5	4	8
6	3	6
7	2	4
8	1	2
Non-compliant contributor	0	0

- 5.2 Bidders who qualify as EMEs in terms of the B-BBEE Act must submit a certificate issued by an

Accounting Officer as contemplated in the CCA or a Verification Agency accredited by SANAS or a Registered Auditor. Registered auditors do not need to meet the prerequisite for IRBA’s approval for the purpose of conducting verification and issuing EMEs with B-BBEE Status Level Certificates.

- 5.3 Bidders other than EMEs must submit their original and valid B-BBEE status level verification certificate or a certified copy thereof, substantiating their B-BBEE rating issued by a Registered Auditor approved by IRBA or a Verification Agency accredited by SANAS.
- 5.4 A trust, consortium or joint venture, will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate.
- 5.5 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate bid.
- 5.6 Tertiary institutions and public entities will be required to submit their B-BBEE status level certificates in terms of the specialized scorecard contained in the B-BBEE Codes of Good Practice.
- 5.7 A person will not be awarded points for B-BBEE status level if it is indicated in the bid documents that such a bidder intends sub-contracting more than 25% of the value of the contract to any other enterprise that does not qualify for at least the points that such a bidder qualifies for, unless the intended sub-contractor is an EME that has the capability and ability to execute the sub-contract.
- 5.8 A person awarded a contract may not sub-contract more than 25% of the value of the contract to any other enterprise that does not have an equal or higher B-BBEE status level than the person concerned, unless the contract is sub-contracted to an EME that has the capability and ability to execute the sub-contract.

6. BID DECLARATION

6.1 Bidders who claim points in respect of B-BBEE Status Level of Contribution must complete the following:

7. B-BBEE STATUS LEVEL OF CONTRIBUTION CLAIMED IN TERMS OF PARAGRAPHS 1.3.1.2 AND 5.1

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

27/2016 Health and Safety
(Bid Number and Description)

in response to the invitation for the bid made by:

Prince Albert Municipality
(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:
(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
